WARM & COLD FLOW FORMING PRESSES

Darragon 750 + 250 ton heated

Brand: Darragon · Type: 750 + 250 ton heated

4 COLUMN SINGLE ACTION PRESSES

Capacity	**750 + 250 ton**	Passage between uprights	**850 mm**
Distance between table -- ram	**500 mm**	Table area	**dia 800 mm**
Height	**3700 mm**	Weight	**14 ton**

DESCRIPTION

Press which can be used for manufacturing seals / (resin) composite parts / compression molding / circular sawblades / abrasive products / pressing from (metal)powder to parts / ...

with heated table + 2 watercooled tables
max 220-240° C

Press has been developed to be able to remain under pressure for 24 hours!
Possible to program:
- different temperatures
- holding time of press under pressure
- multiple cycles

Press with 2 pistons:

Capacity lower piston: 750 ton (with digital readout for applied force)

Capacity upper piston (counter pressure): 250 ton (with digital readout for applied force)

Passage between uprights: 850 mm

Distance between table -- ram: 500 mm

Table: dia 800 mm

Weight of press: 14 ton

Compression press / Grinding wheel press / Vulcanizing press / Elastomer press

Kompressionspresse / Schleifscheiben Presse / Vulkanisierpresse / Elastomer Presse
