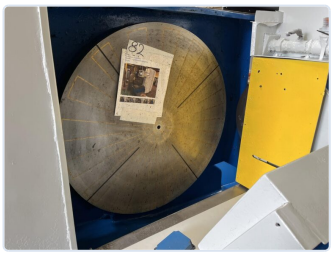
CYLINDRICAL GRINDERS

Beyer rotary grinder CNC Ø 800 mm

Brand: Beyer · Type: rotary grinder CNC Ø 800 mm



SURFACE GRINDERS WITH VERTICAL SPINDLE

Length	**2700 mm**	Depth	**2400 mm**
Height	**1800 mm**		

CYLINDRICAL GRINDERS

Length	**2700 mm**	Depth	**2400 mm**
Height	**1800 mm**		

DESCRIPTION

Magnetic table: Ø 800 mm

with CNC touchscreen control

These models are ideal for efficient, economical processing of circular workpieces using surface and step grinding. There is no time loss due to deceleration, acceleration, and reversal as with conventional reciprocating grinding. The grinding wheel remains in contact with the workpiece throughout the grinding process. Single workpieces can be positioned centrally on the table, while multiple workpieces can be positioned concentrically to optimize the use of table space.
