FLANGING PRESSES

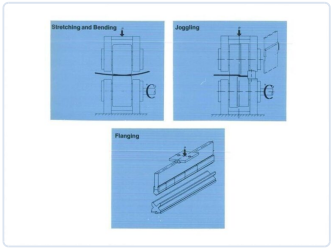

Favrin 100 ton Plateroll / Dish end forming

Brand: Favrin 100 ton · Type: Plateroll / Dish end forming

FLANGING PRESSES

Capacity	**100 Ton**	Distance between uprights	**7000 mm**
Max sheet tickness (cold)	**15 mm**	Max dia	**7000 mm**

DESCRIPTION

Ideal for deformation of steel plates for ships. The yield point of a plate is overloaded to create a permanent deformation and to take away the shrinkage stress in the edges of the plate caused by flame cutting.

Cap: Ø 7000mm Cap sheetthickness: 15 mm Equipped with driven Rolls, rolls are continuousally indexable Equipped with 3 sets of cylindric rolls (inner / outer) Max opening: 385 mm This press is ideal for forming stems / keels of ships. Can press and roll at the same time. Machine is practically unused!!!!

plate roll press - plate roller press - Plattenroll Presse - strechting - bending - joggling - flanging - Kesselboden - Kümpelpresse
