Esab MKP welding crane for beams/tanks

Brand: Esab · Type: MKP welding crane for beams/tanks

TECHNICAL SPECIFICATIONS

Specifications on request.

DESCRIPTION

>> Esab A2-A6 process controller

Selectable welding process with pre-setting of all welding parameters (memory for 255 parameter sets). Constant current or constant wire speed. Very user-friendly.

>> Esab LAF 800 amp DC source

The LAF series are 3 phase, fan-cooled DC welding power sources designed for high productivity mechanized submerged or high productivity MIG/MAG arc welding.

Application is submerged arc welding

Unit is movable on rails

16 meter longitudinal movement

Dimensions of the crane itself: 3200 x 2300 x 4000 mm
